brought to the Personnel Board's attention at the July 30th selectmen's meeting, will be contingent upon the approval of the Finance Committee.

The written approval, signed by Beverly Posiviata, chairman of the Personnel Board, noted the board spent considerable time discussing the request before arriving at the decision to approve them. At the previous meeting, Betty Sears, town accountant, spoke of her need for assistance because of the backload of work, and David Crook explained the heavy work load really needed a person to work more hours to handle the duties of the building inspector, both on inspection, paper work and meeting with residents on Tuesday nights at the Town Hall.

The recommendation for a temporary part-time town accountant clerk would have to have a six month review of the necessity for continuing the services. The person would work 19 hours per week at $4.00 per hour and receive no benefits.

The recommendation for the building inspector's job being made a temporary full-time one will require a six month review. The salary would be determined by the Finance Committee and the Board of Selectmen and there would be no benefits.

Both positions are to be reviewed at the end of six months. At that time the Personnel Board will make the determination whether another six months' trial period is necessary or the positions be voted on at at town meeting.

Selectmen noted they will await the Finance Committee's decision.

The Board discussed the ongoing problems concerning SEMASS. Selectmen Chairman John

DeCosta said he feels at this time the town's present contract with SEMASS is a good contract. He said the town intends to go with the present contract, as Fairhaven has indicated they will do.

DeCosta noted Marion and Rochester are in a different position as they will benefit financially; whereas other towns who signed the original contract are now finding they will not be benefitting from rebates on the sale of energy to Com/Electric as early as first proposed.

Richard E. Chase, a member of the town Planning Board, spoke briefly with Selectmen and expressed his apprehension with SEMASS and who will operate the plant. "This sounds like a wheeler-dealer to me. I'd like to know more about the company and who will operate the plant proposed for Rochester."

Selectmen announced a public hearing at 7:30 p.m. September 9 at Lakeville Hospital to be conducted by the state Department of Environmental Quality Engineering on the proposed SEMASS waste-to-energy facility, Cranberry Highway, Rochester.

The facility will burn refuse-derived fuel at an average annual rate of 1600 tons per day, will be equipped with a dry scrubbing system for acid gas control and an electrostatic precipitator for particular control, and will generate electricity as part of the process.

In other business, Selectmen:

ANNOUNCED THE NAMING OF MIDDLE WHARF as the "Johnny Makuch Wharf". The board will send a letter to Mrs. Makuch expressing their sympathy and informing her of its decision to memorialize a fine man who spent many hours on the wharf.

Liability Insurance to be shared with area communities. Plymouth County Commissioners will send a form to gather information from all towns. The board agreed this is a good idea because of the rising costs of public insurance in the past year.

READ TWO LETTERS received by the Police Department thanking officers for their assistance. The first was from Don Wagner, 11 Jeannette Street, Fairhaven, expressing thanks for the officers who responded to an emergency call at 33 Kane Street, Fairhaven on August 1st when his granddaughter was choking. The Mattapoisett police were nearby and responded immediately, along with the Fairhaven police. The obstruction was successfully cleared. "It's a good feeling to know they were there in a time of need. In a time when so many people are quick to criticize the police, I feel a letter of heartfelt thanks would be appreciated."

The second letter was from Michael R. Poitras, Acushnet Chief of Police, expressing appreciation for the assistance on July 30th in apprehending three boys breaking and entering. "Your quick action helped solve several breaks in our town. A special thanks to Officer Robert Boivin, who, I understand, stopped the vehicle driven by the culprits."

WILL REFER to the Building Inspector a letter from Jim Ward of 8 Shore Drive, Harbor Beach. Ward expressed concern with the filling of a house lot located next to him on Shore Drive and with the removal of trees.

setts and the Nuclear Negotiation Project, Harvard Law School presented a workshop in direct response to the newly raised question about the risk of nuclear war: "Regardless of the number of weapons in the arsenals are we prepared to prevent an accidental nuclear war?"

"While arms control talks are stalled in Geneva, League members today can speak to support a system of worldwide military crisis control designed to prevent what everyone fears most - a crisis or low-level conflict that, through accident, misunderstanding, miscalculation or misplaced pride and ambition, escalates to nuclear confrontation," stated L.W.V.M. President Susan Shaer.

Dr. William L. Ury, Director of the Nuclear Negotiation Project, was the keynote speaker at the seminar. Dr. Ury is the co-author of the best selling book, Getting to Yes, and the author of the newly released Beyond the Hotline.

"Negotiation and crisis control does not replace or supercede League traditional efforts such as fostering open trade, supporting the United Nations and limiting and reducing armaments to prevent conflict", explained Judith Coykendall, President of the Marion-Mattapoisett Area L.W.V.

"These efforts are vital components of global security, but still cannot guarantee that crises and low level conflicts will not develop," Coykendall said. "Plans for crisis control add another dimension to the League's historic positions."

League participants in the seminar are prepared to speak about these plans in their local communities to describe how crisis

Mattapoisett Visual History

School and education will be the topic of discussion on Wednesday, August 14th, in the Mattapoisett Public Library at 10:00 a.m.

The following week, August 21, Town Government will be the topic.

Town governing has seen many changes during this century. A struggle to hold on to home rule, the creation of many departments, communities, and new control lawmaking. The board of three selectmen and town meeting form of ruling have remained intact.

This should be an interesting subject for historians to discuss!

Thursday, August 15th, at 10:00 a.m. in the library a group of Cannonville-Ned's Point residents will continue their discussion of the history of that area of Mattapoisett.

Please feel welcome to join these interesting armchair discussions. They are informative and it is fun to reminisce about Mattapoisett's past. The good old days! Maybe.

Mattapoisett Library Craft Show

The third annual Arts and Crafts Show on the Mattapoisett Library lawn will be held this coming Saturday, August 17th; rain date, August 18th, from 10:00 a.m. to 5:00 p.m.

Over 23 booths with 35 local craftsmen will demonstrate their skills.

Don't miss it; fun for all ages.

Tri-Town Adult Fellowship

MEETING TONIGHT, AUGUST 14th

Many people at both St. Anthony's Church and the Mattapoisett Congregational Church have expressed an interest in forming an adult fellowship open to the tri-town community. Would you be interested in being involved in many varied activities ranging from family picnics to formal holiday dances, community awareness development to a Chinese auction? These are only a few of the possibilities open to a group not restricted by age, whether you are married, or have children. Do you have any ideas? An organizational meeting to develop these ideas and plan more activities will be held at St. Anthony's Church Wednesday, August 14th, at 7:30 p.m. Bring those ideas and bring a friend!

Elizabeth Taber Library

PAPERBACK EXCHANGE FOR CHILDREN

A paperback exchange for children will be held on Thursday, August 15, at 7:00 p.m. at the Elizabeth Taber Library on Spring Street in Marion. Children are asked to bring their old paperbacks in fairly good condition to the library to trade for something new and different.

WORKSHOP ON MAKING PUPPETS

On Tuesday, August 20, at 1:30 p.m. there will be a workshop on making easy finger puppets for children ages 7 and up. The workshop will be at the Elizabeth Taber Library, Spring Street, Marion, and pre-registration is required.

The pre-school story hour for ages 3-5 will be held on Wednesday, August 14, at 1:30 p.m., and the theme will be "Stripes and Spots".

Hurricane Preparedness

MESSAGE TO THE CITIZENS OF MATTAPOISETT:

In the next several weeks you will see published news items about past hurricanes and what we are doing today to prepare for the possible eventuality of another such disaster.

We would hope that you, as citizens of Mattapoisett, will do whatever is necessary to prepare for such a storm.

To that end you will find printed, herein, a HURRICANE PREPAREDNESS SHEET which we would hope that you would clip and save for future reference. It is our hope that with modern day warning systems and town department cooperation our town and its citizens will pull together and weather whatever is to be.

Thank you for your cooperation.

MATTAPOISETT BOARD OF SELECTMEN

The Hurricane Preparedness sheet will be found on pages 55 and 56.

and shows the whaleship Wanderer at the Long Wharf. The other three pictures were given to the Museum by Mr. Sylvia some years ago. The Society is proud to display these pictures in the new addition to the Museum. The latest painting was used as the cover to a Bicentennial booklet in 1976 which is available at the Museum.

During his teaching years the artist spent summer vacations in Mattapoisett and painted pictures of the wharf area, the churches and various old houses. Mr. Romeo Bedard, formerly of Romeo's Package Store, during the 1950's would display Mr. Sylvia's pictures in his store and thus found buyers and homes for the artist's paintings. His pictures are hung in numerous Mattapoisett homes as well as homes in many other towns and cities across this land.

Living in retirement on Upland Way, Mr. Sylvia has done no painting since his wife's death several years ago. His painting enriched many lives and it is hoped he will return to the easel.

In addition to these pictures, hung in the new addition, one may view the exhibit (during August) of Mr. Hal Peterson's collection of cameras showing the development of photography over the last 80 years. The Museum, on the corner of Church and Barstow Streets, is open Tuesday through Saturday from 1 until 5 p.m.

Driving and vision

Some 55,000 Americans are killed in car accidents each year. It is known that poor vision is involved in some of these accidents because some 90 percent of driving decisions are based on vision, according to the Better Vision Institute. As changes in your vision often go unnoticed, many drivers are unaware that they are not visually capable of driving in today's traffic.

Board of Appeals

by VIRGINIA ARRAL

DECISIONS ON APPLICATIONS

Following a public hearing on June 20th, the Board of Appeals has approved the application of the Greater New Bedford Young Men's Christian Association (YMCA) regarding the property owned at 38 Reservation Road for a special permit to allow construction of three 30 foot by 45 foot shelters in a residential area. Applicant was Frank E. LaLiberte, executive director of the YMCA.

Mark Gresens, Director of the Camp Massasoit, spoke on the plans for the proposed shelters. When asked by Edward W. Walsh how many kids would be attending the camp, Gresens said that approximately 400-500 children per week would be attending the camp.

It was noted in the Appeals Board's decision that the Greater New Bedford YMCA has operated the facility in that location for many years; that special permits are allowed for religious, educational, civic and municipal use as an accessory use when found to be in harmony with the general purpose and intent of the by-laws; and not detrimental to the neighborhood and the town.

In a second decision from the June 20th hearing, the Board voted to deny without prejudice the request of Ralph and Barbara Whiterell of 15 Hitching Post Road for a special permit to allow for the erection of a structure on a lot containing less than the minimal square footage of the pertinent zoning requirement. The land in question

is located at Pepperbush Lane. It was noted there is pending litigation between the petitioners and the abutters, McMasters, and that litigation may very well affect changes of the present lot dimensions and setbacks. The two lots (Whiterell's and McMasters') have been held in contiguous ownership prior to the sale of one to McMasters and have been treated in the past as one lot in order to satisfy setback requirements for installation of a swimming pool. It was decided by the board that the allowance of such a special permit would derogate from the intent and purpose of the zoning by-laws.

The application of Wayne Walega of 10 Jane Lane, regarding the premises located at 30 - 32 County Road, was denied without prejudice. The petitioner requested a special permit to allow for the expansion and alteration of the buildings.

The board found that insufficient facts, plans and details were presented to grant such a special permit. The board needs more specific information on actual plans, parking, building, green zone and use of the building.

A decision reached following a public hearing held on April 18 on the application of Jon and Joan Ruel, 1 Beacon Street, was to deny the request for a variance from the set-back requirements in a W 30 zoning district.

The land in question is located at Atkinson Way (corner of Water Street). The board found that hardship due to soil, shape of the land or topography was not evident,

BANCROFT

Only the Molyneux craftsmen could produce a mantel clock with the elegance of the Bancroft. Crafted of Mahogany in their Puritan finish, its most striking feature is the large sunburst crest rising up to a square crown. Four pieces of beveled glass add a luxurious touch. Etched Roman numerals on a brass filigree dial are exclusive to this mantelpiece. Its pendulum movement offers triple chimes and can be seen in operation from three sides.

The Great Grapefruit Diet™

ALL NATURAL APPETITE SUPPRESSANT AND FAT REDUCER

INTRODUCING . . . the latest development in nutritional weight loss technology . . .

. . . the 1-way, all natural weight loss sensation!

1 GRAPEFRUIT EXTRACT — Fruit enzymes promote fat reduction by stimulating cell metabolism

2 THE GREAT GRAPEFRUIT DIET also contains GLUCOMANNAN, the amazing vegetable fiber, used in Japan for over 1500 years, which absorbs over 50 times its weight in fluids - giving a comfortable "full" feeling, while cleansing your system. Glucomannan, as a high-fiber substance, has the ability to restrict the absorption of fat and cholesterol in the intestines.

3 THE GREAT GRAPEFRUIT DIET contains kelp, lecithin, apple cider vinegar and vitamin B6 - the oldest and most widely used natural fat-reducing formula in the world! - for burning and emulsifying fat and to flush it out of the system.

4 Uva Ursi is added to the GREAT GRAPEFRUIT DIET as a gentle, smooth-acting natural diuretic to prevent fluid retention, puffiness and bloating.

The Great Grapefruit Diet™ is carefully formulated with the best natural ingredients to REDUCE FAT AND SUPPRESS APPETITE . . . *Naturally!*

and that no substantial hardship to the petitioner was found owing to the condition of the land and that replanning of the structure to conform with present setback requirements would not cause undue financial hardship to the petitioners.

Also denied was the April 18th application of David J. Murray, 12 Water Street; Mr. and Mrs. Purnell Guard, 22 Park Street and Mr. and Mrs. Hoyt Hottel, 52 Ocean Drive, to allow for minor alterations to open an ice cream store at the rear of the building at 12 Water Street. The decision was based on the feeling that the use of the lot would only serve to conflict with the historic nature of the building and the neighborhood; would serve to increase congestion, create additional parking problems, increase litter, aggravate safety of movement both for pedestrians and auto traffic and would be detrimental to the unique character of the neighborhood and Shipyard Park.

The people who make Cutter Insect Repellent have been searching for ways to make the outdoors more fun and reduce the threat of mosquitos for over 20 years. They have a few suggestions for cutting down the chances that a mosquito will feed on you:

- Dump out trash cans, pails, barrels, birdbaths, wading pools and pet dishes in your yard after a rain.
- Get rid of old tires—or at least puncture them so they won't collect water.
- Fill in areas on your property where water stands, such as ditches, holes and low areas.
- Don't give mosquitos a chance to come indoors. Repair holes in door and window screens and don't leave windows open unless they have screens.

Keep these suggestions in mind and bugs will be less likely to put the bite on you.

building for either hospital or non-hospital use and are therefore offering the building for acquisition.

The Homestead was built about one hundred fifty years ago. It is a three-story building with a mansard roof in a style typical of that era, with approximately 2500 square feet per floor. It stands on high ground on the Main Street side of the hospital property, opposite Besse Park and overlooking the Wareham River. It is a significant and highly visible landmark in the town. Possible uses for the building are business offices, residential apartments or condominiums. Whatever use may be made of it, a prime requisite is that the exterior be restored as originally designed.

Since Tobey Hospital is a "not-for-profit" organization, "for profit" enterprises may have investment and other tax credits not available to Tobey that could be of real significance in reducing the cost of restoring the exterior and rebuilding the interior of the building and making it an economically viable project. If this could be done, it would preserve for the community this outstanding and important symbol of Wareham's part of Tobey Hospital's beginnings.

Mr. Ralph Hayden, Trustee and Treasurer, will be glad to discuss this unusual opportunity with any person or organization seriously interested, financially responsible and qualified to create a successful future for this fine old building. Full particulars will be provided. Please contact him promptly at Tobey Hospital, 43 High Street, Wareham, MA. 02571, or by calling 295-0880, extension 204.

REGISTRATION NOW OPEN

Registration is now open for the more than 250 day, evening and weekend classes listed in the fall catalog of Bristol Community College, due in most Bristol County mailboxes this week. The 48-page catalog describes all the programs offered at the College this fall, including the 32 credit and non-credit courses planned for the New Bedford/Mattapoisett satellite campuses.

"We wanted to give all of Bristol County an idea of the breadth of courses available here and at all of the satellite campuses," said Jack Warner, Dean of student services.

Mail or walk-in registration for all courses is going on now at the Elsbree Street campus in Fall River. Special evening registration with student service representa-

tives in veterans' benefits, financial aid, and career and academic counseling is scheduled at New Bedford Regional Vocational High School August 27 and 28 from 6 to 8 p.m., and Old Rochester Regional High School in Mattapoisett on August 29 from 6 to 8 p.m.

Those considering enrolling should note how flexible their schedule can be, Warner said. "Whether a student wants to enroll in a certificate or degree program, he or she will find that most classes needed are offered day or evening."

"But students don't have to enroll in a degree or certificate program to take advantage of what we have to offer," said Janice Motta, Dean of continuing education. "Some might want to take one or two courses just for fun, or to pick up a new career skill.

"And no matter why a student attends BCC, we can offer each student personalized direction in reaching academic and career goals," she added.

Courses this fall span a whole range of offerings, from credit classes in accounting to word processing, and ABC Shorthand to yoga in the non-credit category. BCC offers associate degrees in business and office skills, engineering and technology, health and service professions, and liberal arts. A number of new certificate programs will be offered this fall, including culinary arts, personnel management, and floral design, along with certificates in art, computer maintenance, drafting, library science/audiovisual, and word processing.

Mail and walk-in registration for evening classes will continue 9 a.m. to 9 p.m. through August 24 for continuing education courses. Students may register for any BCC course at any campus. Special evening registration hours, where students can get individual assistance from such services as financial aid, veterans' benefits, and career counseling, are scheduled for the Fall River Elsbree Street campus August 26 from 5:30 to

BCC TUITION WAIVER PROGRAM
HELPS UNEMPLOYED GET JOBS

If you are out of work, Bristol Community College has a program that can help you get new skills....at little cost to you.

BCC will waive tuition and student fees, with the exception of a $12.50 insurance fee, for any unemployed person who wants to take day courses towards a new career or to upgrade current skills. Additional financial aid is available to eligible students. "Those eligible for the waiver program may want to earn high school equivalency or a second college degree," said Linda Danzell, assistant director of admissions. "Participants can take advantage of all of our personalized career and academic counseling, as well as our college testing program."

STATE TREASURER CRANE RETURNS UNCLAIMED INSURANCE PROCEEDS

State Treasurer Robert Q. Crane announced today that his office is attempting to return nearly $1. million to 4,000 Massachusetts residents under the state's unclaimed money law.

Treasurer Crane noted that this money has been reported to the Treasury by insurance companies doing business within the Commonwealth of Massachusetts. Included in the proceeds are unpaid life insurance benefits, unpaid benefits on health and liability insurance policies, pension checks and customer

overpayments.

Under Massachusetts' unclaimed money law (M.G.L.C. 200A) accounts which have been dormant for at least five years are deemed to be abandoned and must be reported to the Treasury. The Treasury Department then tries to locate the rightful owner or legal heirs to return the money.

"Many of these accounts represent the cash value of life insurance policies which the owners do not realize they are entitled to claim", Crane said. "My office is making every reasonable effort to locate the owners or legal heirs to return these funds to those who are due them."

More than 1,000 accounts range between $100-$500; 239 accounts between $500-$1,000; 132 accounts between $1,000-$5,000; nine accounts between $5,000-$10,000; and five accounts more than $10,000. The remaining accounts are less than $100. Last spring Treasurer Crane released the names of 36,000 Massachusetts residents who were owed more than $13. million, most of this resulting from unclaimed savings accounts.

Persons who believe they may have a valid claim should call the Treasurer's Office at (617) 367-7780 or TOLL FREE, 1-800-632-8027.

Tobey Back School

The dates for the next Back School at Tobey Hospital will be Thursdays, September 5th and 12th. Sessions are held from 7 to 9 p.m. in the Rehabilitation Department on the Ground Floor of the Hospital.

Intended to offer instruction in the proper use and care of the back, the program was developed by Orthopedic Surgeon Dr. Gregory Johnson and the physical therapists of Tobey Hospital. The topics covered in the Back School are anatomy, biomechanics and pathomechanics of the spine, a film entitled "It's Your Back", instruction on proper body mechanics, lifting techniques, and posture, exercise principles and importance, and literature on back care is distributed.

The cost per individual is $25., which includes both sessions. Lower group rates

ALFRESCO WINE & CHEESE TASTING

A delightful late-summer's evening is planned for Friday, August 23rd, when The New Bedford Glass Museum will hold an alfresco wine and cheese tasting at The Sakonnet Vineyard, Little Compton, Rhode Island.

Beginning at 6:30 with a stroll through the vineyards and winery, "tasters" will then settle on the terrace for a hearty program of splendid local wines, homemade bread, and some of the world's great and rare cheeses. Hosting the evening will be Lolly and Jim Mitchell, noted gourmets and founders of The Sakonnet Vineyard. The Vineyard is located on one of New England's most beautiful country landscapes, including acres of rolling meadows and vineyards.

Cost of the wine and cheese tasting is $10.00 per person. To reserve please contact Mrs. Demers at the New Bedford Glass Museum, 50 North Second Street, New Bedford, MA. 02740; telephone 994-0115. Maps of the brief ride and car pool information are available.

FIRE MUSTER

The Dartmouth Fire District I has organized a Fire Muster for Sunday, August 25th. The festivities begin at 11:30 a.m. with a parade of fire vehicles from Dartmouth High School to the Children's Museum located at 276 Gulf Road, South Dartmouth. A number of fire districts from the southeastern Massachusetts area will be participating in the parade and the activities that will follow at 1:00 p.m. on the Children's Museum's grounds.

The firemen will be competing in a number of events including wet hose competitions and a mystery event. Peter Costa of Dartmouth Fire District I is the events coordinator.

The Children's Museum boasts its own addition to the Muster with its wonderful antique fire truck which kids of all ages are welcome to play on. The Museum is open Sundays from 1 to 5 and Tuesdays through Saturdays from 10 to 5. Come and join the Museum and the firemen for an exciting day of activities.

LOOK FORWARD TO SAFETY

HURRICANE. . .

PLEASE REMOVE AND SAVE THIS PAGE

Natural disasters are of many types, but one most familiar to Massachusetts is the hurricane. Since 1886 nearly 400 hurricanes of varying degrees of intensity have hit the Commonwealth.

Hurricanes are more prevalent during August, September and October, with the month of September being the time when the larger number have wreaked havoc in Massachusetts.

It is wise that each and every citizen in the Commonwealth know the safety precautionary measures to take. Individual preparedness is the key to survival.

In time of a major disaster, your local Civil Defense organization is the coordinating force to effect recovery.

SAFETY PRECAUTIONS

Safety precautions and safety measures as issued by the National Weather Service and Civil Defense will be helpful when warnings of an approaching hurricane are received.

1. Keep your radio or television turned on and listen for the latest warnings and advisories. If power fails, use your car radio or a portable transistor radio.

2. Pay no attention to rumors.

3. Get away from low-lying beaches or other locations which may be swept by high tides or storm waves. If passage to high ground is over a road likely to be under water, leave early! Don't run the risk of being marooned. The same applies to dwellings in the vicinity streams which may overflow.

4. If your house is out of danger from high tides or streams and is well built, then it is probably the safest place to weather the storm. Never remain in a mobile home.

5. Be alert for high water in any areas where streams or rivers may flood after heavy rains. Hurricanes are almost always accompained by torrential rains.

6. Board up, put on storm shutters, tape or otherwise protect windows. Danger to small windows is chiefly from flying debris while larger windows may be broken by wind pressure if unprotected.

7. Get in extra food, especially items which can be eaten without cooking or with very little preparation. Remember that electric power may be off and you may be without refrigeration.

8. If emergency cooking facilities are necessary, be sure that they are in working order.

9. Sterilize jugs, bottles, cooking utensils, and fill with drinking water as municipal water service may be interrupted.

10. Have flashlight and/or other emergency lights in working order and keep them immediately available.

11. Be sure to have gasoline in your car tank. If electric power is off, filling stations may not be able to operate pumps for several days.

12. Check on everything that might blow away or be torn loose. Garbage cans, garden tools, toys, signs, porch furniture, awnings and other objects become weapons of destruction in hurricane winds. Store inside if at all possible.

13. Be sure that a window or door can be opened on the lee side of the house - the side opposite the one facing the wind. This reduces dangerous inside pressure.

14. Stay indoors away from windows.

15. If the center or "eye" of the storm passes directly over, there will be a lull in the wind lasting from a few minutes to half an hour or more. Stay in a safe place. Make emergency repairs during the lull if necessary, but remember the wind will return suddenly from the opposite direction, frequently with greater violence.

SAFETY MEASURES

After passage of the hurricane, the following safety measures will prove valuable:

1. Seek medical aid at Red Cross disaster stations or hospitals for persons injured during storm.
2. Don't touch loose or dangling wires. Report such damage to the light and power company, or to nearest police officer.
3. Report broken sewer or water mains to Water Department.
4. Guard against spoiled food in mechanical refrigerators, if power has been off any length of time.
5. Unless you are qualified to render valuable emergency assistance, stay away from disaster areas where you may hamper first aid or rescue work.
6. Drive automobiles cautiously. Streets filled with debris are dangerous so keep eyes on the road. Along the coast, soil may be washed from beneath the pavement, which may collapse under the weight of vehicles. The same applies to roads following stream beds.
7. Be alert to prevent fires. Lowered water pressure makes fire-fighting difficult after storms.
8. Take down shutters and save lumber. Store in handy place for future use.
9. Consult your local newspapers, radio and T.V. for the opening of State Disaster Assistance Centers to aid individuals who have suffered losses due to the hurricane.

chusetts actress who won an A.R.T.A. (Academy of Regional Theater Awards) for her portrayal of Miss Alma in Tennessee Williams' Summer And Smoke and has had numerous nominations for her work in Private Lives, The Women, Pictures in the Hallway, Father's Day, The Night of the Iguana and Desire Under the Elms, will play the spirited, rebel poet Edna St. Vincent Millay in A LOVELY LIGHT at The Gateway Playhouse off Route 6 in Wareham, opening Sunday, August 18th, and repeated August 22nd, 25th, 29th and September 1st (Sundays and Thursdays) at 8 p.m.

Ms. Millay's life is filled with romance and poignancy as she journeys from Camden, Maine to Vassar College, Greenwich Village in the 1920's and upstate New York. Ms. Millay led women's rights movements and supported many liberal causes of her day.

Actress Dorothy Stickney, known for her portrayal of Mother in Life with Father, adapted A Lovely Light for the stage and was directed by her husband playwright Howard Lindsay. Ms. Blaha will be directed in A Lovely Light by poet/teacher George W. Hayden who staged The Belle of Amherst and two of O'Casey's autobiographical novels among the 51 plays that he's directed. Mr.

Longwood Chamber Orchestra

The Longwood Chamber Orchestra presented a special concert on the Esplanade in Boston on July 20th, conducted by Aaron Dov Kula, artistic director and conductor. Local members of the orchestra are Norma Gulecas of Fairhaven, violin II; and Susan Whalen of Arlington and Mattapoisett, assistant principal cello; and Barbara Whalen of Mattapoisett, cello.

The Longwood Chamber Orchestra provides an opportunity for Medical Area personnel to participate in their own community orchestra. The majority of the musicians are health care workers affiliated with Beth Israel Hospital, Brigham & Women's Hospital, Children's Hospital, the Dana-Farber Cancer Institute and Harvard Medical School. Other players have come from the teaching and business communities of Boston, Brockton and New Bedford to rehearse and produce the concert program.

During the orchestra's eight month existence it has been able to render service to both the public and medical communities by performing at the Stoneham Public Library, Joslin Diabetes Center, New England Deaconess Hospital, Children's Hospital, the Harvard Medical School Quadrangle and the Hatch Shell on the Esplanade.

The program included Marriage of Figaro Overture, Symphony No. 5 in C minor, Op. 67, The Music for the Royal Fireworks, Variations on America, West Side Story selections and the Raiders March.

Aaron Dov Kula was appointed conductor of the Longwood Chamber Orchestra in the Fall of 1984 and is also music director of the Boston Wind Ensemble which he founded 1983. Mr. Kula holds a Masters degree in Conducting and Theoretical Studies from New

Heritage Plantation

BLUEGRASS MUSIC AND MILITIA GROUP PERFORM

Two events will highlight the middle of August at Heritage Plantation of Sandwich. Red and Murphy & Company will perform on the outside concert stage August 17 at 7:30 p.m. The band plays southern bluegrass music. Then, on Sunday, August 18, the 10th Regiment of Foot will perform on the Military Parade Field at 1 and 3 p.m. The Company will re-enact a battalion of British Infantry as it appeared on parade and in battle in the War for American Independence.

Red and Murphy & Company play bluegrass with a lot of old-fashioned vim and vigor. Red Henry dazzles the audience with his fluid and powerful mandolin style. Then, he drives his guitar mercilessly, ripping off clean, melodic lines. As a final treat, he is apt to pick up his fiddle and dig into a rousing hoedown.

Murphy drives the daylights out of her Gibson Mastertone Banjo and ranks among the top bluegrass composers in the nation. Her aggressive style carries through to her role as M.C. and her spontaneous humor is as enjoyable as her music.

Well known for their instrumental proficiency, Red and Murphy & Company enjoy equal renown for their tight vocal harmony. Murphy has a clan of sisters to draw on, all of whom have been singing together since early childhood. The band members have won multiple awards, not only for their superior instrumental ability but also for their contribution as outstanding song-writers and exceptional performers. They have entertained at most major clubs and festivals in the deep South and have appeared at Florida's Seaworld and at the Knoxville World's Fair.

Both Red and Murphy are dedicated full-time musicians. Red has built and operates his own recording studio and Murphy writes a monthly column for the Banjo Newsletter.

Buffalo, N.Y. In the fall of 1977 he became Assistant to the Producer for Melody Fair Theatre of North Tonawanda, N.Y.

For the past six years he has served as Marketing and Development Director for the Samuel L. Clemens Performing Arts Center in his hometown of Elmira. While at the Clemens Center, MacPherson served as the Mid-Atlantic States Regional Representative for the League of Historic American Theatres, a national organization dedicated to preservation and use of America's historic theatre buildings.

Trudy Kingery, a resident of Marion, has been named the Zeiterion's Director of Development, another newly created position. She will be responsible for all fund-raising events, grant writing, membership drives and the coordination of special projects.

Kingery, for the past seven years, has served as Executive Officer and Assistant Treasurer for the Marion Bermuda Cruising Yacht Race. She has also worked for Alzheimer's Disease and related Disorders Association of Eastern MA. as its Volunteer/Project Coordinator.

Appointed as Bookkeeper/Business Manager is Evelyn Midura of New Bedford. A graduate of Southeastern Massachusetts University, she has a degree in Accounting and brings twelve years of experience to the Zeiterion's Business Office. She replaced Mary Nelson who was recently promoted to the position of Theatre Manager.

Urania Rodriques of New Bedford has been hired as Receptionist/Secretary. She is a 1985 graduate of New Bedford High School.

Here's how Chiropractic treats
Whiplash

"Whiplash" is not a specific injury or disease in itself. It is a type of injury which comes from a sudden, shocking movement which snaps the body with force. It causes a variety of injuries to the neck and upper spine.

The doctor of chiropractic is uniquely trained to deal with problems of the spine and nervous system. Modern chiropractic manipulative techniques are directed specifically to eliminate the causes of pain and malfunction. Early detection and correction of a whiplash problem can eliminate related symptoms and effects.

Priscilla Beach Theatre
PRESENTS MUSICAL "OLIVER!"

Priscilla Beach Theatre, Plymouth will be presenting the Broadway musical, "Oliver!", written by Lionel Bart and directed by New York Guest Director Rosann Weeks, Thursday, August 29th, at 10:30 a.m.; Friday, August 30th, at 10:30 a.m.; and Saturday, August 31st, at 7:30 p.m. For reservations and further information call the theatre at 224-4888.

The musical will star Geronimo Sands as Fagin. Sands is a former New York Broadway actor and currently the artistic director at PBT. Many will not forget Mr. Sands' memorable and inspired performance of his role of Fagin at the Old Colony Theatre in 1978 and at the Priscilla Beach Theatre in 1982. Mr. Sands will be joined by guest members of both the PBT's adult theatre Karen Dolan (Nancy) and Ron Olson (Mr. Bumble), as well as the senior acting members of PBT's

professional Children's Theatre, Christopher Robinson (Oliver), and Lisa Savinen (Artful Dodger). The musical director is Richard Arena.

"Oliver!" is one of Broadway's greatest musical hits, based on Charles Dickens' classical story, "Oliver Twist". We are carried away to England at the beginning of the century and all of its many colorful underworld characters and places: Widow Corney, the owner of a workhouse; Mr. Bumble, a parish beadle; Fagin and his boy gang, including Nancy, Bill Sykes and the Artful Dodger. Oliver, finding himself on the English streets after being sold to an undertaker, is kidnapped by Fagin and his band. He yearns for love in the musical show stopper, "Where is Love?", and Nancy comes to his aid and support by returning him to his real English benefactor. Moving musical numbers include "Oom Pah Pah", "Consider Yourself", "You've Got to Pick a Pocket or Two", and "As Long as He Needs Me".

Priscilla Beach Theatre is a professional non-profit school of drama which does not discriminate according to sex, age, color, religion or nationality.

The whole family shall never forget the best of live theatre at America's oldest barn theatre. Make your reservations now for the Broadway musical "Oliver!" at the Priscilla Beach Theatre. For reservations call 224-4888.

Educational Opportunity

APPLICATIONS FOR COURSES STILL ACCEPTED

For individuals who are considering taking courses or receiving training at a post secondary institution starting in September or January, there is still an opportunity to register and to apply for financial aid. This applies to recent high school graduates who have not yet applied to college, or to adults who are considering going back to school. Applications are still being accepted at some schools for courses taken on a part-time or full-time basis, attending either days or evenings.

Interested persons can contact the Educational Opportunity Center for assistance. E.O.C. provides educational counseling for young people and adults, and offers such services as career planning, college selection, filling out admissions and financial aid applications, and provides references for alternative scholarships. All these services are provided free of charge. The

Plimoth Plantation

MASSASOIT WILL VISIT WAMPANOAG

Visitors may join in the festivities when the Wampanoag Indians welcome the great chief, Massasoit, to their settlement at Plimoth Plantation on Saturday, August 24.

The colorful event re-creates Massasoit's customary visits to his confederate Wampanoag in campsites throughout the area. He served as sachem of the Pokanoket and carried influence among all his allies.

A formal welcoming ceremony and greeting at 11 a.m. will be followed by feasting, dancing, singing, games and gift exchanges. Visitors will be invited to participate in the dancing and games.

Plimoth Plantation is located on Warren Avenue (Route 3A), three miles south of downtown Plymouth. Its exhibits include the full scale replica Mayflower II, docked at State Pier in Plymouth Harbor, the 1627 Pilgrim Village and the Wampanoag Settlement. A combination ticket to all exhibits is $8. for adults, $5. for children ages five through 12. Children under five are admitted free.

PROFORM 520 ROWER

ProForm makes other rowers look weak by comparison. Moving parts that aren't made right don't move right. And when a seat isn't designed for comfort, you find out the hard way. On the ProForm 520, a soft seat is only one of many strong points. Gas-pressurized cylinders give smooth, even resistance as you row. Sealed ball bearings eliminate the need for maintenance. And exclusive ProForm roller grips save you from blisters. Now you can really...*row for it*!
